

## How to find us

The rooms of the Institute for Electricity Supply using renewable energies are located in Darmstadt on the second floor of the building S3 | 10 in the city.

### Arriving by car:

**Please note the environmental zone regulations in Darmstadt.**

In the city center only vehicles with the green environmental sticker are allowed.

### Track related

**traffic restrictions from June 01, 2019**

The traffic restrictions apply in the eastern Hugelstae and Heinrichstrae in the section between Heidelberger Str. and Karlstrae. This concerns diesel vehicles of the Euro standards 1 to 5 and for gasoline cars ("petrol engines") of the Euro norms 0 to 2 .

Drive on the A5 at the exit 26 (Cross Darmstadt) in Darmstadt city center. Follow the road to Rheinstrae and drive into the city tunnel (middle lane). After 500m please turn left. At the next traffic light turn left again. After about 250m you can park right in the Justus-Liebig garage. When leaving the car garage turn right and cross the Landgraf-Georg-Strae. Our institute is now on your right.

Further parking facilities can be found in the nearby congress center "darmstadtium". From the exit Darmstadt / Stadtmitte follow the signs "darmstadtium". Use the passage over the Erich-Ollenhauer-Promenade for a 5 minutes walk to our institute.

### Arriving by bus and train:

From **Darmstadt Hauptbahnhof** (Central Station) you can reach the institute building in the city center by tram (lines 3) or by bus (line H or K).

Get off at the stop "**Schlo**". Follow the road in the direction of the tram (or bus) to the left path and cross the intersection. After about 50m you will find our Institute building on the left side..
